PROFESSIONAL SUMMARY

Full Stack Developer with hands-on professional experience in building responsive, scalable, and production-ready web applications. Proficient in React, JavaScript, Tailwind CSS, Node.js, Express, and MongoDB, with strong experience in authentication, real-time application features, and modular UI architecture. Committed to writing clean, maintainable code and delivering high-quality, user-focused solutions.

TECHNICAL SKILLS

Frontend: React.js, JavaScript, HTML, CSS, Tailwind CSS

Backend: Node.js, Express.js, MongoDB, SQL

Authentication: JWT, Protected Routes

Programming Language: Java, Python

Tools: Git, GitHub, Postman, VS Code

Concepts: REST APIs, MVC Architecture, Responsive Design, State Management

PROFESSIONAL EXPERIENCE

Full Stack Developer with professional experience working in a company-driven development environment, contributing to the development of responsive, scalable, and production-ready web applications. Hands-on expertise in React, JavaScript, Node.js, Express, and MongoDB, with experience delivering authentication workflows, real-time features, and well-structured UI components. Known for writing maintainable code, collaborating on feature development, and building user-focused solutions aligned with business requirements.

PROJECTS

ProBlog – Content Publishing Platform

Built a scalable full-stack blog application with secure authentication and complete content management (CRUD) workflows

Implemented JWT-based authentication and role-based access control to protect user data and application routes

Developed a mobile-first, responsive interface with real-time search, category filtering, and incremental content loading

Designed RESTful APIs backed by MongoDB to ensure secure, efficient, and scalable data access

AI Powered Image enhancer :

Developed a web application that leverages AI APIs to convert low-quality images into high-resolution versions. Built image comparison UI with React + Tailwind and optimized state management using Zustand. Ensured API key security using environment variables and deployed project on cloud platforms.

EDUCATION

Bachelor of Computer Applications (BCA)

Microtek College Of Management and Technology (2025)

Veer Bahadur Singh Purvanchal University(VBSPU)
